GVR&S College of Engineering and Technology provide essential ICT Skills that every student should master to succeed digital world.

In the past, technology was a tool for information and communication. Today it is ubiquitous in our lives. Every day, we use ICT skills **Computing Skills Information Security Awareness** to get through large and small tasks. Our students actively participated in this program. The outcome of the program, to understand privacy settings and safe web browsing practices to protect against identity theft or other data loss through hacking. By this program students got the information about how to keep the data securely.
