## **VISION :**

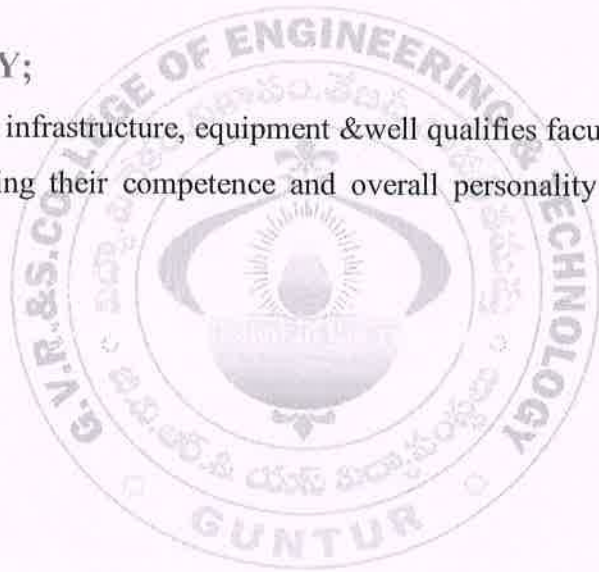

To emerge as a “Centre for excellence” offering Technical Education and Research Opportunities of very high standards to students, develop the total personality of the individual, and instill high levels of discipline and strive to set global standards, making our students technologically superior and ethically strong, who in turn shall contribute to the advancement of society

## **MISSION :**

To transform the rural learners into exceptional technocrats to meet the challenges in an ever-changing global scenario, by imparting high quality outcome based technical education.

## **QUALITYPOLICY;**

To provide world class infrastructure, equipment & well qualified faculty for all round growth of the students including their competence and overall personality meeting ever growing expectations of society

## **WELCOME TO DEPARTMENT OF CIVIL ENGINEERING**

This being the youngest department was started in the year 2014 with an intake of 60 seats. Though it was started later than the other departments, the department has shown good results in both academics and industry orientation. Besides focusing on completing the course content, it further directs the students to learn and understand design, construction, and maintenance of the physical and naturally built environment, including works like roads, bridges, canals and buildings

### **VISION:**

To be a quality education provider of civil engineering to empower human resources

### **MISSION:**

Provide learning environment, outcome based education towards academic excellence  
Organize trainings to promote research, knowledge development  
Promote industry interactions towards skills, ethics and values. Latest technologies

## **WELCOME TO DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING**

The field of Electrical & Electronics Engineering (EEE) is the place to be in for those who love electrical systems ranging from heavy power generators to the smallest of micro-chips. The Mission of the department is to train the stakeholders in contemporary knowledge and innovative skills, both functional and integrative in the discipline of Electrical and Electronics Engineering focusing on strong foundation in basic concepts, courses in tune with modern trends, leadership, networking and team building, entrepreneurship, ethics and governance.

### **Vision:**

The Department of Electrical and Electronics Engineering strives to be a Centre of Excellence in Electrical Engineering in producing competent Engineers

### **Mission :**

Adopt good teaching and learning methods

Ensure competency in the emerging technologies

To be accountable through self-evaluation and continuous improvements

## **WELCOME TO DEPARTMENT OF MECHANICAL ENGINEERING**

The Department of Mechanical Engineering was established in the year 2012 with an intake of 60 students and enhanced to 120 in the year 2014.

This department is another promising twig which plays the most significant role in its wider sense. It believes in developing studiousness among the students by giving a clear understanding of core concepts including mechanics, kinematics, thermodynamics, materials science, structural analysis, and electricity.

### **Vision :**

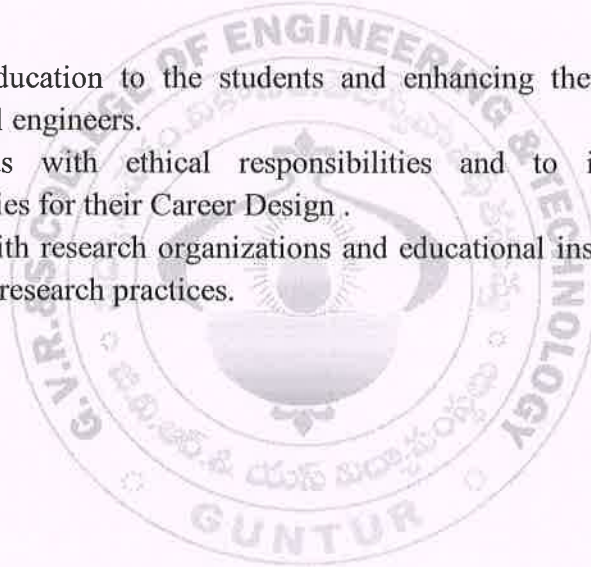

To become a lead in producing quality mechanical engineers, which will prosper the society to face the current technical challenges.

### **Mission :**

To transmit quality education to the students and enhancing their skills to make them competitive mechanical engineers.

To enlighten students with ethical responsibilities and to impart leadership and entrepreneurship qualities for their Career Design .

To develop bonding with research organizations and educational institutions in for bringing quality in teaching and research practices.

## **WELCOME TO DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING**

The department of ECE in G.V.R&S College of Engineering and Technology best known for its talented and dedicated professionals renowned for their excellence in various specializations in the field of Electronics & Communication which was established in 2007. The department provides with state of the art technological tools incorporated in all the existing laboratories. For the last ten years the students of the ECE, who walked out of the portals of the institute successfully, holding their degrees, were immediately inducted into the MNCs of high reputation in India & abroad.

The augmentation of the intake of the department from 60 in the year 2007, later the intake was increased to 120 in the year 2009.

The introduction of M. Tech program in DECS in the academic year 2012 with intake of 18 seats, later VLSI and Embedded System Design introduced in 2014 with an intake of 18.

### **Vision :**

To achieve academic excellence in Electronics and Communication Engineering education and to train students in contemporary core technologies by developing them into skillful engineers inspired with human values and social needs

### **Mission :**

Facilitating the students with innovative pedagogy and quality infrastructure to acquire knowledge and skill in electronics and communication Engineering

Training students in doing projects, meeting latest technologies

Nurturing students for understanding and serving society with a concern for environment

## **WELCOME TO DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING**

CSE Department came into inception from 2007 onwards with an intake of 60 seats in B. Tech, and enhanced to 120 seats in the year 2009. In view of the accentuated interest towards CSE and its immensity of growth the Department of Computer Science and Engineering has developed well appointed laboratories where the main focus is on the development of logical reasoning that is stressed upon, in all practical applications. The department boasts of promoting a unique mode of teaching-learning setting, one that makes an effective utilization of the advanced aids of teaching. The Department imparts world class training and provides state of the art of computing facilities to the students. CSE Department is offering M. Tech (CSE) program from 2012 onwards with an intake of 18 and enhanced to 24 seats in the year 2013.

### **Vision :**

To be top in the field of computer science and engineering, building competence through student centric learning for self-employment, research, industry and society needs

### **Mission :**

To create a learning environment to transform the students with strong fundamentals in computer science, analytical, programming and problem solving skills.

To provide exposure to students to latest tools & technologies in the area of computer science and engineering

To create a platform for Research, exhibiting leadership qualities, professionally ethical citizens through affinity activities and self governance

## **WELCOME TO DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING ( ARTIFICIAL INTELLEGENCE AND DATA SCIENCE )**

CSE Department came into inception from 2007 onwards with an intake of 60 seats in B. Tech, and enhanced to 120 seats in the year 2009. In view of the accentuated interest towards CSE and its immensity of growth the Department of Computer Science and Engineering has developed well appointed laboratories where the main focus is on the development of logical reasoning that is stressed upon, in all practical applications. The department boasts of promoting a unique mode of teaching-learning setting, one that makes an effective utilization of the advanced aids of teaching. The Department imparts world class training and provides state of the art of computing facilities to the students. CSE Department is offering M. Tech (CSE) program from 2012 onwards with an intake of 18 and enhanced to 24 seats in the year 2013.

### **Vision :**

To Achieve excellent standards of quality-education by using the latest tools, nurturing collaborative culture and disseminating customer oriented innovations to relevant areas of academia and industry towards serving the greater cause of society.

### **Mission:**

To develop professionals who are skilled in the area of Artificial Intelligence and Data Science.

To impart quality and value based education and contribute towards the innovation of computing, expert system, Data Science to raise satisfaction level of all stakeholders.

Our effort is to apply new advancements in high performance computing hardware and software.

## WELCOME TO DEPARTMENT OF SCIENCE AND HUMANITIES

The department of Science and Humanities at GVR&S-CET offers the bridge courses in English, Mathematics, Physics, Chemistry, Managerial Economics & Financial Analysis and Environmental science that help the engineering freshmen get attuned to the specialized engineering domains.

In addition, the department coordinates a smoother transition of our novice engineering aspirants from the academic setting they experienced at 10 + 2 level to the study ambience they will encounter in their undergraduate Engineering and Technology course.

As an ancillary department that supports the conduct of specialized courses, offered in its domain, as a part of the curricula of other main branches of engineering the department acquires a multi-disciplinary nature and so the faculty belongs to different disciplines namely, English, Mathematics, Physics, Chemistry, Managements Studies and Environmental Sciences.

The department shields the responsibility of the consolidation of attendance and the seasonal marks of the first years and the maintenance of the Parent-Institution communications for the welfare of the students.

The faculty has addressed itself to the need to orient the students towards the ultimate goal of relating their knowledge to the reality of life situations.

### Vision :

To impart the knowledge which is relevant to the core engineering subjects as per university curricula in graduate students studying in different engineering streams.

### Mission :

To help young souls through dedicated teaching, commitment and innovative instructional methods, in discovering their talents.

To afford a high level of competence in the study of different engineering streams.

To provide the ground work to produce graduates committed to integrity, professionalism and lifelong learning by widening their knowledge horizons in range and depth.

## **WELCOME TO DEPARTMENT OF MBA**

The Department of Business Administration was established in the year 2009 with an intake 60 seats and enhanced to 120 in the year 2014.

The Master of Business Administration (MBA) program is designed to meet the challenge of full-filling the needs of the society under resource constraints by providing new dimensions in the body of knowledge needed for managerial development. Environmental, social, ecological, and economic forces are affecting every sector of business enterprise and every area of business, governmental and industrial administration.

The MBA program will prepare students for assuming responsibility of management in their career path in business and other organizations. The program also prepares students having career interest in teaching or research and also for higher studies.

The core strength of the MBA Program is the extensive coverage in the field of specialization along with exposure to a wide array of quantitative and qualitative analytical tools. These Programs are aimed at broadening the outlook and strengthening the skills of participating professionals to prepare them for a dynamic and constantly changing work environment.

Teaching methodology at GVR&S-CET, in the Department of Management Studies, include lectures, seminars, business games, simulation exercise, mini-projects and field visits incorporating formal and informal group dynamics. The regular features of the same also include a curriculum, which boasts exhaustive case studies and challenging role-plays, thereby enhancing in depth knowledge in a specific field with excellent communication skills.

### **Vision :**

To make the management department a leading and continuously evolving department which equipped students with a transformative learning experience so that they can be global leaders and contributes to the growth of the business, society, and nation.

### **Mission :**

Impart advanced management concepts and skills by adopting application-based pedagogy. Evolve and establish an environment of academic excellence, research, and innovation beneficial to students, faculty, and stakeholders.

To develop scholarly and practice-oriented intellectual capital to meet the needs of the emerging social economic environment.
