1. Lush Green Environmental Friendly and Pollution Free Campus:

The sprawling campus of GVR&S CET is spread across a mighty land with spacious and pollution free environment. The campus is a beautiful and serene atmosphere ideally suited for technical education. The infrastructure and facilities available on campus are amongst the very best. It is a wholly self-contained campus comprising of everything that students on campus would ever require. In order to take care of aesthetic dimensions of the campus, considerable efforts have been made in the recent past to beautify the campus. Greenery in terms of the grass, permanent green plants, trees and flowers have been laid down all over the campus. Horticulture maintenance and development has been meticulously monitored to keep up with the changing weather.

2. Uplifting Rural Students through Technical Education:

This is the only college was established in this rural area and very near to Guntur city . This institute was established to furnish an opportunity to the rural students of this area especially the rural girl students to pursue the higher education for their development and progress of the family. This distinctiveness of supporting rural masses in achieving their dreams of leading a good quality life with purpose is unique to our institute. This initiative not only helps rural people meet their aspirations, but more importantly serves as a strong ‘growth engine’ for the country by tapping huge unexplored talent and energy of rural youth. Also, this distinctiveness is in sync with the institute’s Vision and Mission of serving rural community through engineering education. The rural students have some basic issues regarding use of English for communication, apprehensions of living and dealing with the cities, etc. The college atmosphere has been created to enable the rural students to hone and exhibit their engineering skills at par with the industrial expectations. Special attention is paid towards developing communication skills.

GVR&S(Gangineni Venkateswara Rao & Sailaja) College of Engineering and Technology was established in the year 2007 under the aegis of Educational society whose members have had consummate experience in the field of education. GVR&S(Gangineni Venkateswara Rao & Sailaja) -CET has completed 17-Years – with a deep sense of satisfaction and pride over its contributions, achievements and recognition received. At G.V.R&S(Gangineni Venkateswara Rao & Sailaja) College of Engineering and Technology we believe in “Fueling the quest for knowledge”. In doing so, our commitments are in ensuring individual professional success which culminates in benefiting the society. Creating a vast state-of- the-art academic infrastructure, putting together best of teaching talent, equipping with every required learning aid ensures that students at GVR&S(Gangineni Venkateswara Rao & Sailaja) get the best in academics. Sporting, cultural and extra-curricular facilities are put in place in order so that the students enjoy their campus life. We are truly emerging as the nurturing ground for leadership. It is becoming synonymous with practical, industry-focused education and is attracting students from across the globe. The fact that we are today a familiar face in the industry is a demonstration of its total commitment to excellence in academics.

3. Faculty Development Program on National Education Policy

Education is fundamental for achieving full human potential, developing and equitable and just society, and promoting national development. Providing Universal access to quality education is the key to India’s continued ascent, and leadership on the global stage in terms of economic growth, social justice and equality, scientific advancements, national integration and culture press Nation. Universal high quality education is the best way forward for developing and maximizing our country’s rich talents and resources for the good of individual, the society, the country and the world. India will have the highest population of young people in the world over the next decade, and our ability to provide high quality education opportunities to them will determine the future of our country.

7. CLUBS

Motivation towards creating GVR&S CET clubs

GVR&S CET clubs are functioning on the campus to help students learn new skills and gain fresh experiences. Co-curricular and Extracurricular activities offer great developmental benefits to help students grow professionally. Joining a Campus club benefit you to gain knowledge, skills and experience in leadership, good communication skills, excellent problem-solving skills, group development and management, presentation and Public speaking. At the Campus, Students have the option to choose their passionate club and become members.

Math Club:

The prime motive of our Math Club is eliminating the fear of Mathematics and creating a passion towards the subject the club promises to cultivate various chances and a bright platform to exhibit their talent, skills and passion for Mathematics. First, it fosters a community of students around a common interest in Mathematics. Club members are elected and they are provided

opportunities to apply and improve math skills by participating in math competitions and learning circles.

GOALS

- To identify the level of understanding in Mathematics.
- To help the students develop their critical thinking and Mathematical ability.
- To improve and bring out the hidden Mathematical talents of the students.
- To promote enthusiasm and interest in Mathematics among the students.
- To provide a platform for discussing new methods of learning and teaching Mathematics.

OBJECTIVES

- Helps in the proper utilization of leisure time.
- Includes the habit of self study and independent work among the students.
- Provides opportunities for students to translate the theory into practice and apply their learning in daily life situations.
- Makes Mathematics learning a pleasant, creative and challenging experience for the students.
- Develops critical thinking skills of students through problem solving.

Club Activities for Students

MEHENDI CLUB

Mehendi reflects the rich Indian culture, bringing together the knowledge of medicinal herbs with many lovely sentiments and beliefs. The result is a ceremony filled with fun and joy. Vedic customs are centered on the idea of awakening the inner light. Mehendi laden hands add a perfect dash of ethnicity to every Indian woman. This club focuses on the passion of every woman in GVR&S CET
